

Welcome to Huntleys

I am proud to be at the helm of Huntley's, having become the latest custodian of our Samlesbury farm in an 802 year love affair with the place!

After overcoming the foot and mouth challenge back in 2001, my vision was to transform Huntley's into a unique rural destination, where families and couples alike can come and shop for a range of high quality local produce,

with a personal service that is second to none, but keeping our prices lower than the supermarkets! I am more than delighted to say that we are achieving that and much more!

Huntley's prides itself on being a warm and friendly place to visit. You can stock up on local produce from the food hall, dine in our restaurant, bob down for an ice cream, visit the shops around Huntley's, take the kids round the maze (seasonal attraction) or why not do it all.

You can be assured of a very warm welcome whichever part of Huntley's you visit.
